**What does the sector say about us?**

**Secondary School Leader:** *Awesome PD today. Inspired, we have plans for implementing strategies in place and a collaboration space planned for us to share progress.*

**Primary Principal:** *Inspiring- thinking about our kids who struggle with behaviour and how much the process of mapping how they learn and talking about it will be help and in some cases heal.*

**Teacher:** *The professional learning session was engaging, inspiring, practical and realistic about teaching. Got a lot out of what student agency is and direction on where we can go from here.*

**Teacher:** *a new approach to help develop self-confidence, the ability to engage and connect and raise the achievement. The session was excellent, start of our 'Teacher Inquiry.'*

**Parent:** *Infinity Maps have given my son and us a sense of ownership and belonging.*

**Student:** *Infinity Maps helped me be a more active, connected learner*
